SUB-COMMITTEE HOLDS THAT ORIGINAL COMMITTEE SHALL REPRESENT THIS COUNTY

Men Chosen at Last Republican County Convention form the Republican Leadership and All Appointments to Fill Vacancies Are Set Aside; Rules Are Prescribed for Holding Primaries Providing for Absolute Fairness to All Concerned and Republicans Are Asked to Restore Harmony by Compliance With Recommendations.

ELECTION OF JUDGE EDWARD A. MANN BY MAJORITY IS HELD TO BE REGULAR

He Is Instructed to Assemble Committee Monday at Two o'clock, Call It to Order and It Is Then to Act on Resignation Which He Handed to Sub-Committee; Having Done That It Shall Elect Chairman and Issue Call for Primaries and Convention Giving at Least Eight Days Notice in English and Spanish.

The report of the sub-committee of the Republican state committee, which on Thursday and Friday made an investigation of the Bernalillo county situation was placed in the hands of State Chairman H. O. Burson last night and was quite promptly, as announced by the sub-committee at the closing of its hearing.

The report recognized Judge Edward A. Mann as chairman of the Bernalillo County Republican committee and it declared that the committee as named at the last Republican county convention, was the Republican central committee of Bernalillo county. This decision ousted all committee members appointed by Chairman Mann or by Mr. Gillenwater, who claimed to be the regular chairman, and left the committee as it originally stood.

The report of the sub-committee is fair and to the point. It reviews the evidence submitted to both sides in the hearings and it bases its findings upon the information obtained at the meeting.

The meeting held on January 28, 1911, at which Mr. Gillenwater was chosen as chairman by a majority of the committee and Judge Mann elected to the position, is held to have been regular, although the sub-committee states that it does not approve of the manner in which notice of the meeting was given.

It declares, however, that a majority of the regular Republican committee was present at the meeting and that the county committee, through that majority had the right to oust Mr. Gillenwater from the chairmanship and elect Judge Edward A. Mann.

The report then specifically states the names of the Republican committee of Bernalillo county as ascertainable by the evidence presented before the sub-committee hearings.

The sub-committee directs that the Bernalillo county committee meet on Monday, September 11, at 2 o'clock in the afternoon at the Commercial club, and that Judge Mann, as its chairman, shall give notice of such meeting and call the same to order. The committee shall thereupon either accept or reject his resignation which he tendered to the sub-committee, and which it respectively refers to the county committee.

Having acted thereon, the committee is instructed to organize and elect a new chairman if it so desires and the chairman so elected, shall fill the two vacancies caused by death.

So organized, the committee is authorized to call the primaries and the county convention and give eight days' notice of the time and place, such notice to be published in both English and Spanish.

In precincts 12 and 28, the two city precincts, the primaries are to be kept open from 9 a. m. until 5 p. m., and in the other precincts they are to be held at 4 o'clock p. m.

Other rules, providing for absolute fairness at the primaries are prescribed.

The provisions for the holding of the primaries and convention in Bernalillo county are such that every Republican is given equal opportunity and the sub-committee expresses the hope that the Republicans will settle their differences and restore harmony in the party in this county in compliance with the regulations it has promulgated.

The report of the committee is as follows:

Albuquerque, N. M., Sept. 8, 1911.

To Hon. H. O. Burson, Chairman of the Territorial Republican Central Committee.

Upon arriving at Albuquerque, the committee of five, appointed by the territorial central committee to consider the Bernalillo county controversy, found that Mr. Ed. Cahoon, a member of the committee, was unable to be present. The remaining members of the committee proceeded to the investigation outlined in the agreement signed by Mr. W. H. Gillenwater and Edward A. Mann, which is hereto attached and made a part of this report, marked exhibit 1.

At the first session of the committee held Thursday afternoon at the Commercial club rooms, Mr. W. H. Gillenwater appeared and presented a letter and a resolution adopted by his committee, which are hereto attached and marked exhibits 2 and 3.

BEULAH BINFORD IS REPUDIATED WHEN BEATTIE FACES PRISON

He Declares Verdict of Jury Was Unfair and Says He Tried Hard to Get Rid of Her for Good.

GIRL DECLARES HE IS INNOCENT

It's Easy to Kick a Man When He Is Down Says Young Woman and She Says Every One Was Against Him.

(By Evening Herald A. P. Leased Wire)

Chezene, Switzerland, Sept. 8.—Glossy Del' Colle, a girl from whom the committee tried to detach himself, and the direct interpretation that the jury judged him more to his indiscretions than the transgressions, came today from the lips of Henry Clay Beattie, Jr., convicted last night of wife murder. Any other jury, composed of city folk, of broader views, would have been more merciful, was my belief.

"Painfully unfair," he muttered in his cell, when asked his opinion of the verdict.

"Beulah Binford," he added, "figured largely in the verdict, more largely than the testimony of the killing. These country folk can not understand how a woman of the outer world can be easy about you. They don't know what that happens down here it is to get rid of her."

I have strayed along, hoping against hope that something would occur to rid myself of that hundred girls. And only a woman of that kind feels that you no longer take any interest in her she usually seeks solace in solitude. So I drifted along, waiting for a chance to break off relations with her without having her hurt herself. I tried hard to persuade her, in the meantime, to live a proper life.

He is innocent, she said, "I am sure he had nothing to do with the murder of his wife. He is easy to kick man when he is down, and everybody has been against him."

WHOLE FAMILY IS DESTITUTE AND FATHER DIES

Sad Plight of Wife and Sons Who With Cripple Head of Family Walked All Way from Colorado to Kentucky.

(By Evening Herald A. P. Leased Wire)

Lancaster, Ky., Sept. 8.—Only the wife and three sons of Reuben Lane, all of whom were making their way on foot from Pueblo, Colo. to their former home at Charleston, W. Va., will complete their journey. Paralysis brought on by privation caused the death here of the head of the pilgrim family.

He had only one leg and used a crutch constantly, and the strain with his 53 years wore him out. One of his sons was taken ill here and the family was penniless when discovered under the shed of a warehouse. The five previously had walked over the same route, all the way from Charleston to the Colorado city. The county sought tickets home for the survivors.

Fourth. That while your committee does not approve of the manner of giving notice of the holding of such meeting, because such practices tend to promote discord and dissatisfaction in the Republican party, yet we find that there was a majority of the committee as then constituted present at such meeting, either in person or by proxy, and that more than a majority of the committee as it then existed voted to unseat Mr. Gillenwater and to seat Edward A. Mann as chairman; and we further find that on the 4th day of February such action was ratified by more than a majority of the then living members of the committee.

Fifth. We further find that since said 28th day of January, two of the original members of the committee have died, and that two more have resigned—resigned to Edward A. Mann as chairman. In view of the controversies which have arisen, we think it for the best interest of party harmony that the appointments made to fill the above mentioned four vacancies be set aside, and the same are set aside.

Sixth. Your committee finds that the membership of the Republican

Italian Province Wrought Up Over Order Confining Sufferers in Hospital: Building Is Attacked by People.

BELIEVED SUFFERERS WOULD BE EXECUTED

Its Easy to Kick a Man When He Is Down Says Young Woman and She Says Every One Was Against Him.

(By Evening Herald A. P. Leased Wire)

Chiasso, Switzerland, Sept. 8.—Glossy Del' Colle, a girl with a population of 20,000 in the Italian province of Bellinzona, has been the scene of savage excesses in consequence of the cholera epidemic now raging in Italy.

The authorities ordered that all persons attacked by cholera should be taken to a hospital and that those who had been in contact with cholera victims be isolated in a neighboring building. The population, convinced that it was the intention of the authorities to kill the patients and also those under observation, gathered to the number of several hundred to liberate their relatives and friends.

The hospital was stormed and the building threatened with incendiary destruction should the mob be interrupted in releasing the cholera stricken people.

The police attempted to give the crowd but were unsuccessful. The crowd brought out the cholera stricken patients and carried them through the streets.

The Italian government has dispatched troops to the scene.

OTERO COUNTY IS DELUGED AGAIN

Sacramento Mountains Scene of Cloudburst Which Floods Alamogordo Streets and Does Much Damage.

(By Evening Herald A. P. Leased Wire)

Santa Fe, N. M., Sept. 8.—Continuous downpour of rain, akin to a cloudburst all night up to ten o'clock this morning, over the Sacramento mountains, Otero county, transformed the dry arroyos and canyons into torrents, washed away crops, flooded the streets of Alamogordo, carried away bridges and culverts and badly damaged many of the adobe houses in the Mexican part of Alamogordo.

The damage is estimated at \$10,000 on the 28th day of January, 1911 with power to fill all the canyons caused by death or destruction, that the committee should permit Mr. Gillenwater to continue as such chairman, and the question as to who shall finally be recognized as chairman should be determined by the delegates of the county convention selected by the Republican voters of the several precincts. Upon inquiry of Mr. Gillenwater he refused to agree to such a proposition.

He declares, however, that a majority of the regular Republican committee was present at the meeting and that the county committee, through that majority had the right to oust Mr. Gillenwater from the chairmanship and elect Judge Edward A. Mann.

The report then specifically states the names of the Republican committee of Bernalillo county as ascertainable by the evidence presented before the sub-committee hearings.

UNION LEADERS ON ASTOR IS MARRIED TO MISS FORCE AT BEECHWOOD TODAY

Settling of Great Rock Formation Is Probable Cause of One of Most Severe Earthquakes in New Mexico.

HARRIMAN LINES ARE SPLIT IN FACTIONS

Longest Shock Is for Six Seconds

Houses Swayed Two and Four Dishes Were Broken and People Fled Into Open in Fear They Would Be Killed.

(By Evening Herald A. P. Leased Wire)

Santa Fe, N. M., Sept. 8.—Three short earthquake shocks accompanied by a deep, growling, rumbling noise, shook the Jemez range of extinct volcanoes, forty miles west of Santa Fe, from which come the vast lava beds in recent geological times that cover the famous cliff dwelling plateau. The shocks were reported today by forest ranger and weather bureau observers at James Springs, to the west of the mountain, and the tremors, which were most violent, were felt in the city. Houses swayed to and fro, dishes and glasses on shelves rattled, persons on the veranda grew dizzy.

The longest shock lasted six seconds. The motion of the earth was from south to north. As the quake evidently local, it is believed it was caused by the readjustment of immense subterranean rock strata. As far as reported no material damage was done. Jemez is forty miles from the nearest railroad or telegraph station.

No immediate action probably will be taken today.

J. W. Kline, international president of the linchpin union said:

"The younger men are eager to call a strike at once, but calm consideration is being exercised by the older men. For a young man living at home and receiving \$7 a week strike benefit, a strike has no particular terror, but it is a different question for a man with a family to support."

The various unions involved have voted to strike unless recognition of the federation is accorded by the rail road officials, but on the face of record of this recognition, the advisory board has hopes for a peaceful adjustment of the dispute."

INTERNATIONAL WILL KEEP ITS HANDS OFF

Chicago, Sept. 8.—International Union officials will neither sanction or disapprove a strike of Illinois Central shopmen before next Tuesday at the earliest, according to a statement made today by W. F. Kramer, chairman of the board that handles situations under consideration.

It is the desire of the International officials to cause the check-off now being taken on the strike vote before they take any definite action. The check-off began last Wednesday and it is thought the official report on the vote will not be in before Monday night.

During the city hall proceedings, which were witnessed by a host of newspaper correspondents, Colonel Astor appeared nervous, but Miss Force seemingly was unconcerned.

The wedding party then motored to Beechwood, where Joseph Lambert of the Elmwood temple (Congregational) of Providence performed the ceremony.

Miss Katherine Force was her sister's bridesmaid, and Colonel Astor's son Vincent was the best man.

Colonel Astor joined the party on board the yacht, and after breakfast Colonel Astor, Mr. Force, the Misses Force and Vincent Astor came ashore in the Nomia's motor boat, Colonel Astor handling the steering wheel. The party immediately went in an automobile to the city hall, where the marriage license was issued.

Now that we are happily married I do not care how difficult divorce and re-marriage laws are made. I sympathize heartily with the most straight-laced people in most of their ideas, but believe that re-marriage should be made possible, as marriage is the happiest condition for the individual and the community."

The party sailed away on the Nomia, whose destination was kept secret.

Renewal of Heavy Selling at Opening Today Sent Market Tumbling; Many New Low Records for Year.

(By Evening Herald A. P. Leased Wire)

New York, Sept. 8.—Wall street statistician estimated today that the market value of securities traded in on the stock exchange was one billion dollars less than in July, when prices reached the high point.

Quotations today fell to the lowest level of the year. Canadian Pacific, the heaviest loser of the day, declined six points. It is now 29 points below the high price of the year.

Students of the market admit they are unable to ascertain the direct cause of the heavy liquidation.

AMERICAN WARSHIPS ENTER CHINESE RIVER

(By Evening Herald A. P. Leased Wire)

Peking, Sept. 8.—Advice received here from Cheng Tsi, capital of Szechuan province, says still message.

Foreigners are leaving the city.

American warships have been ordered up the Yang Tze river, but it is not expected they will be able to proceed further than Ichang, a treaty port in Hsinch, 125 miles upstream of Hankow.

Miles is the president and Hsuwa secretary of the company. Track laying was completed today to North China, seventy-five miles west of Lantau, Cola, and that place will be reached by the first of October.

The company has several thousand acres of coal lands at Hebron, Colorado and the road will be extended to that point this year.
